The Indian Journal of Animal Sciences

SUBJECT INDEX

December 1998 Vol.68,No.12

Immunoelectrophoretic analysis of paramphistomid antigens 1
B P Maji, P Dwivedi and *J R Rao*

Gangrenous derinatitis of fowls 4
T G Prabhakar, N Dorairajan, S Sivakumar, T Raja Swaminathan, Hirakumar Mukhopadhyay, Wilson Aruni and *W Manohar Paul*

Breed differences in susceptibility of sheep to *Haemonchus contortus* 7
Satyavir Singh and *C L Yadav*

Resistance of non-lactating ewes and lambs of indigenous and crossbreds to natural infection with *Haemonchus contortus* 11
Satyavir Singh, C L Yadav and *D P Banerjee*

Gut associated lymphoid tissues of ducks: Distribution and histology 14
N N Barman, S Goswami, A Mukit and *S Islam*

Effect of sodium acid phosphate and inosine on the cource of *Dictyocaulus filaria* infection in sheep 17
R L Sharma and *T K Bhat*

Disposition kinetics and bone penetration of ampicillin and cefazolin during fracture repair in dogs 22
Balroop Singh, A K Srivastava and *S N Sharma*

Micrometry of the developing and mature epididymis in goat 25
G S Bilaspuri and *A Kaur*

Plasma prolactin among superovulated prepuberal buffaloes (*Bubalus bubalis*) 28
C Singh and *M L Madan*

Changes in certain blood constituents in cases of canine venereal granuloma 32
Umesh Singh and *L N Singh*

Immunogenicity of vero-cell-adapted caprinised rinderpest virus in cattle 35
M M Parida and *S K Bandyopadhyay*

Occurrence of peste des petits ruminants like disease in small ruminants in Uttar Pradesh 38
H Shankar, V K Gupta and *N Singh*

Prevalence of Johne's diseae in organized goat herds 41
N Singh, V S Vihar, S V Singh and *V K Gupta*

Isolation and characterization of Newcastle disease virus strains from *desi* birds 43
G Kamaraj, K Nachimuthu and *K Kumanan*

Suitability of dye exclusion test for determination of viability of *Sarcocystis miescheriana* 46
P P Devi and *P C Sarmah*

Detomidine as a preanaesthetic in thiopentone anaesthesia in dogs 48
N S Jadon, Amresh Kumar, Bhupen Sharma and *S P Singh*

Effect of gelatin granules on wound healing in buffaloes 50
M A Ansari, N S Jadon, Amresh Kumar, Harpal Singh and *S P Singh*

Electrocardiographic changes in experimental nephrotoxicity of goats 52
Rakesh Kumar, N N Pandey, C S Celly and *G R Singh*

Failure of renal ischemia to induce varied degree of renal failure in goats 54
M A Kshama, N N Pandey, G R Singh and *H C Setia*

Bacteriological studies on the genital tract infections in repeat breeding thoroughbred mares 58
A K Arora, H P S Kochhar and *A S Nanda*

Effect of calcium ions of *in vitro* capacitation and acrosome reaction in cattle spermatozoa 60
Pushpendra Kumar and *C R Balakrishnan*

Superovulation in buffalo heifers 62
C Singh and *M L Madan*

Acutre mercuric chloride intoxication in goats - An eperimental study 64
Rakech Kumar and *N N Pandey*

Comparative SDS Polyacrylamide gel electrophoresis of seminal plasma proteins and blood plasma proteins of the Indian buffalo and cattle bulls 66
B A Kulkarni, R K Rupal and *U C Hedge*

Partitioning of progesterone and 17 β estradiol in milk 68
Sandhya Chaudhari, B D Lakhchaura and *S C Sud*

On nonlinear procedure for obtaining length-weight relationship 70
R Venugopalan and *Prajneshu*

Breeding efficiency and optimum levels of various reproductive traits in Surti buffaloes 73
T Shashidhara, S S Bhatia and *M M Appannavar*
Effect of different dietary nitrogen sources on growth performance of crossbred cattle 76
P C Lailer and *G P Singh*
Effect of reconstitution technique on the nutritive value of pearlmillet grain and performance of growing lambs 79
Jai Dev Singh and *O P Lohan*
Subsecondary coding for individual identification of cattle through dermatoglyphics of muzzle 83
Sharda Mishra, Om Singh Tomer and *Ernst Kalm*
Haemoglobin polymorphism in Deoni cattle 87
S D Deshpande and *M K Sawant*
Contemporary grouping and accuracy of selection in small and closed herds of Indian cattle 89
B L Pander and *A S Yadav*
Subjective and objective lustre evaluation in Magra breed of sheep 91
S C Mehta, V K Singh, S Parthasarathy and *S K Chopra*
Test of normality on useful traits for poultry science 93
Vinod Kumar Chaudhary and *R K Taneja*
Comparative evaluation of rumen metabolic profile in cases of primary indigestion and healthy lactating Murrah buffaloes 96
Ramesh Kumari, N Singh and *M A Akbar*
Behaviour and physiological changes in ewes and their lambs at parturition under semiarid environment 99
A K Dang, S M K Naqvi and *J P Mittal*
Observation on the longevity, instar durations, fecundity and growth in *Alonella excisa* (Fischer) (Cladocera : Chydoridae) 101
Sumita Sharma and *B K Sharma*
Immunotoxic effects of cypermethrin and endosulfan on macrophage functions of broiler chicks 105
S K Khurana, R S Chauhan and *S K Mahipal*
Role of *Indoplanorbis exustus* snails in spreading schistosomiasis in endemic area 107
Anjana Mishra and *M C Agrawal*
Morphology of the thyroid gland and oxidoreductases in the liver of mithuns (*Bos frontalis)* and yaks (*Bos grunniens*) 111
G Baishya, M Bhattacharya, S R Talukdar and *S N Kalita*
Morphometry of male porcine genitalia 115
R Singh and *N S Parihar*
Pathology of conjunctiva, cornea and sclera in sheep and goats 118
U Y Sangamwar, N S Parihar and *A K Sharma*
Ocular Neoplasms in goats and sheep 122
U Y Sangamwar and *N S Parihar*
Gross and histopathological observation on the effects of therapeutic ultrasound (3.0 w/cm2) on experimental chronic traumatic arthiritis in cow calves 126
R Bhatia, V K Sobti and *K S Roy*
Time of insemination and conception in cows and buffaloes under field condition 129
S K Srivastava, K L Sahni and *Greesh Mohan*
Passive immunization against inhibin raises the plasma concentratin of FSH in cycling Murrah buffaloes 131
T Chandrasekhar and *M L Madan*
Detection of bluetongue antibody and antigen in Indian elephants, spotted deer and blackbucks 135
N Narayana Bhat, R Manickam and *Wilson Aruni*
Occurrence of egg drop syndrome - 76 in layers - seroprevalence and isolation 136
H K Mukhopadhyay, W M Paul and *N Dorairajan*
A probable virulence factor of javanica isolates 139
K Natarajaseenivasan and *S Ratna*
Histolgocial study of the hardierian gland of white leghorn with reference to plasma cells 141
Ashok Pawar, A Venkatkrishnan, C Vijayaraghavan and *V Ramkrishna*
Pharmacokinetics mammary excretion and dosage regimen of sulfadimidine in lactating cows 143
A K Srivastava, R K Chaudhary and *S S Sidhu*
Swine pneumatosis insteinalis 146
R Singh and *N S Parihar*
Effect of sugars on the leakage of transaminases (GOT, GPT) during cryopreservation of buffalo spermatozoa 147
L P Singh, Satish Kumar and *Greesh Mohan*
Corpus luteum spurium of goat 150
R K Sharma and *Manju Sharma*

Superovulation and embryo collection in Sirohi goats treated with Super-ov 153
A K Goel and *K P Agarwal*
Oestrus synchronization in cyclic goats following lutalyse administration 155
A K Goel and *K P Agarwal*
Biochemical alterations induced by repeated oral administration of fenthion in buffalo calves 157
M S Bal, S K Sharma and *A K Srivastava*
Effect of malathion dipping on lipid pattern of erythrocytes and brain in poultry brids 160
A K Pal and *H S Kushwah*
Selection index for Marwari sheep 163
N A Ganai, S B S Yadav, R N Kachawaha and *V K Singh*
Effect processing of cassava peel-meal on microflora and mineral contents 167
J U Ogbonna, L B Taiwo and *O A Ashaye*
Effect of aluminium in drinking water on the performance carcass quality and internal organs of broiler chickens 169
O I A Shoremi, A A Aleje and *S Kum*
The effect of aluminium in drinking water on young and old lying chickens 172
O I A Shoremi, and *M K C Sridhar*
Changes in nitrogen fractions of sudax poultry litter silage 175
Shahid Rasool, M A Sial, Ashan-ul-Haq and *M Z Alam*
Performance of selected strains of *Lactobacillus bulgaricus, Streptococcus lactis* and *Saccharomyces cerevisiae* alone and in different combination in broilers 178
B S Katoch, R S Bhatt, K K Dogra, R Gupta, K S Sharma and *C R Sharm*
Population analysis for loss of cows and replacement index in Tharparkar cattle 183
S C Rawal and *S S Tomar*
Quantification of components of replacement rate in crossbred and Sahiwal cattle 185
B Singh, C V Singh, R B Prasad, R V Singh, D Kumar and *Raj Kumar*
Genetic parameters of growth in New Zealand White rabbits adjusting different planes of feeds 187
Bharat Bhushan, G K Gaur and *S P S Ahlawat*
Effect of processing of cassava peel-meal on anti-nutritional factors 189
J U Oghonna
Effects of feeding dried poultry dropping (DPD) on growth and nutrient utilization in growing lambs 191
D Chandrasekaran and *R Natanam*
Nutritional evaluation of *Vantulsa (Qscimum bascilinum)*-cake as sole feed in goats 193
D P Tiwari, C M Tiwari, R K Jain, R K Nema and *Sharad Mishra*
Effect of feeding graded levels of barley with paper- mulberry leaves in adult Soviet Chinchilla rabbits 195
R S Bhatt, V Bhasin and *D R Bhatia*
Replacement value of cashewnut-meal for groundnut-cake in pullet diets: Effect on pre-laying performance and serum biochemical indices 197
A A Onifade, O O Twew, A O Fanimo, O O Okmunola and *A B Afolabi*
Variations in major nutrients of mangrove leaves during decomposition in sewage polluted water 200
S A Thithan and *V Ramadhas*
Evaluation of quick and precise diagnostic test for bluetongue 203
S Mishra and *M L Mehrotra*
Effect of glucosaminyl muramyl dipeptide on cell-mediated immune response against fowl-pox 206
Farhat Pandit, S C Mishra and *T N Jaiswal*
An outbreak of haemonchosis associated with anthelmintic resistance on a sheep farm in Kenya 209
R M Waruiru
Morphometric studies on postnatal development of testis of Indian Murrah buffalo (*Bubalus bubalis*) 212
P S Malhi, H S Pawar, K S Roy and *S S Guraya*
Prenatal growth changes in ovary of Surti buffalo 216
G Baishya and *K N Vyas*
PCR based bovine preimplantation embryo sexing : Avoiding false males 220
S K Sood and *M L Madan*
Hormonal control repair of ovarian stroma of buffalo caused by follicular atresia 227
G Taru Sharma and *A C Majumdar*
Polypeptide analysis of Indian isolates of bovine herpesvirus-1 (BGV-1) 230
B P Sreenivasa, C Natarajan, M R Gajendragad, V V Suryanarayana and *T J Rasool*
Assessment of serologicazl response to haemorrhagic septicaemia vaccine by PMPT 234
G S Reddy and *V A Srinivasan*

Sedative and clinico-biochemical effects of medetomidine in yaks (*Bos grunniens*) and its reversal by atipamezole 236
S K Sharma, J M Nigan, Mohinder Singh, A C Varshney and *Adarsh Kumar*
Effect of mercury on humoral immunity in goats 238
S K Pathak and *M K Bhowmik*
Pathology of mercuric chloride toxicity in Japanese quails (*Coturnix coturnix japonica*) 240
P Kalpana and *P K Sriraman*
Effect of age on body growth and testicular development in Deoni bulls 242
M K Tandle, U S Birdar and *V B Shettar*
Effect of bubaline follicular fluid on buffalo spermatozoa 244
Devendra Kumar, L P Singh, S Kumar and *Greesh Mohan*
Serum total cholestrerol level and its relationship with number of ovulation in superovulated Tellicherry goats 247
P Senthilkumar, R C Rajasundaram, M Selvaraju and *D Kathiresan*
Superovulatory response on ewes during different seasons 249
S M K Naqvi, R Gulyani, G K Das and *J P Mittal*
Monitoring of mineral profiles in a crossbred herd 251
V S Rajora and *S P Pachauri*
Milking technique and other factors affecting milk potential in different breeds of camels under farm conditions 254
M S Sahani, M Rathinasabapathy, Gorakhmal and *N D Khanna*
Comparative efficiency of four lactation curves used in Jersey-Sahiwal cows 257
A K Singh, D Kumar, Manohar Singh and *R V Singh*
Herd size - productivity relationship and returns to scale in milk production 259
Shalander Kumar, Khem Chand and *S B Agarwal*
Correlated response in first lactation milk yield using partial milk yields as selection criteria in Surti buffaloes 261
S P Tailor and *A K Banerjee*
Factors affecting and estimation of body weight using conformation traits in Pashmina goats 263
S M Deb, S Anandan and *G K Gaur*
Genetic improvement in New Zealand White rabbits through multitraits selection indices 265
Bharat Bhushan, G K Gaur, S P S Ahlawat and *G S Bisht*
Factors affecting annual hair production in indigenous breeds of camels (*Camelus dromedarius*) under farm condition 267
M S Sahani, M Rathinasabapathy, Rajender Kumar and *N D Khanna*
Ethogram of furrowing behaviour in Hampshire gilts in north-eastern hill region of Nagaland 269
P R Rohila and *K M Bujarbaruah*
Body weight reading table 271
C Ibraheem Kutty
Replacement value of cashewnut-meal for groundnut-cake in pullet diets : Effect on pre-laying performance and serum biochemical indices 273
A A Onifade, O O Tewe, A O Fanimo, O O Okunola and *A B Afolabi*
Carcass characteristics of finisher lambs raised on varying levels of energy under heat exposure 276
S A Karim and *B C Patnayak*
Effect of environment variables on reproductive traits 279
G D Nayak and *G J Patra*
Soybean-meal as protein source in the diet of fingerling *Labeo rohita* (Hamilton) 281
B Chamundeswari Devi, Shantha Vijayaraghavan and *C Srinivasulu*
Suitability of 3 trash fish species in the manufacture of surimi in Bangladesh 284
A A K M Nowsad, M H Uddin and *E Niwe*
Comparative immunogenicity of urea and EDTA-extracted cell surface components from *Salmonella typhimurium* in mice 289
G C Chaturvedi, Minakshi, Y K Kaura and *A K Pruthi*
Comparative studies on efficacy of different vaccines against fowl typhoid in chickens 297
A K Arora, K S Sandhu and *S S Sodhi*
Clinicopathological studies on inclusion body hepatitis in bursectomized, thymectomized and normal chicks 300
Rana Dilbag Singh and *Balwant Singh*
Zoonotic importance of cryptosporidiosis among some animals at Gharbia province in Egypt 305
A H El-Hohary and *A M Abdel-Latif*
Haematopathology of mice in acute experimental edwardsiellosis 308
B R Singh and *K P Singh*
Histochemical and histoenzymic studies on caprine mammary gland following induced *Mycoplasma* F 38 mastitis 313

M M Darzi, K S Roy, N Sood and *P P Gupta*
Plasma levels and pharmacokinetics of neomycin in buffaloes (*Bubalus bubalis*) following its single intrauterine infusion 317
Pankaj Sood, A S Nanda and *A K Srivastava*
Clinicopathological profile of induced chronic arsenic toxicity in goats 320
U Biswas, S Sarkar, M K Bhowmik and *S Roy*
Congenital anomalies in swine male genitalia 324
R Singh and *N S Parihar*
Accuracy of ultrasonic scanning for pregnancy diagnosis in ewes of five different breeds 328
R S Malik, M A Razzaque and *N M Al-Khozam*
Biochemical changes in trace elements in antral follicles of goat 330
R K Sharma and *R Vats*
Utrastructure changes in the oocytes of caprine antral follictes 332
R K Sharma and *S Chowdhury*
Production of mouse embryos under *in vitro* system using exogenous gonadotropins 337
Mahesh Datt, Arjava Sharma and *Ashwani Sharma*
Thyroid functions, testosterone profiles and preputial microbes in cow and buffalo bulls 341
N S Bugalia, Inderjeet, B R Gulati, S L Garg and *S K Verma*
Transplacental transmission of *Trypanosoma evansi* in mice 344
P C Sarmah
Mycoplasmal pneumonia in goats 346
N S Kanwar, O P Paliwal, N C Srivastava and *Ram Kumar*
Pasteurellosis in a hippopotamus in captivity 348
T G Prabhakar, B Premkumar David, Andrew Chandramohan and *R A Venkatesan*
Pathohistomorphology of swine male genitalia in India 350
R Singh and *N S Parihar*
Pathological investigations on tubal abnormalities in infertile buffaloes 354
C T Khasatiya, S K Singh, A J Dhami and *F S Kavani*
Pathohistomorphology of swine female genitalia 357
R Singh and *N S Parihar*
Preservability of Large White Yorkshire boar semen with BTS, Kiew and BL 1 dilutor from 18° to 20° C 364
R P Pandey and *B K Singh*
Comparative performance of Black Australorp, Malawian local chicken and their F1 crossbred roasters 366
H J S Kadigi, R K D Phoya and *A C L Safalaoh*
Estimation of combining ability in egg type chickens from a diallel cross 368
P K Mishra, S C Mohapatra and *B N Patro*
Nutritional studies on Mongolian sheep for meat production in the Kingdom of Saudi Arabia 373
A E Tag-El-din
Quality of refrigerated oil-coated quail eggs during subsequent ambient storage 376
R P Singh and *S S Verma*
Factors affecting composition of mastitic milk of Friesian cattle in Sudan 379
Ibtisam E Mohamed, Osman and O A O Elowni and *Galaledein E Mohamed*
Effects of season and infection on composition of mastitic milk of the Friesian cattle in Sudan 382
Ibtisam E Mohamed, G E Mohamed and *O A O Elowni*
Factors influencing returns in sheep farming 386
M Rama Rao and *P Raghu Ram*
Non normal distributions of some traits of Sahiwal × Jersey crossbred cows 388
V K Bharti, A K Shukla and *S N Maurya*
MOET versus progeny testing for genetic improvement of dairy cattle 390
R S Gandhi, Avtar Singh and *M Gurnani*
Genetic architecture of Marwari sheep. 1. Body weight 392
U Pannu, N K Barhat, V K Singh and *K P Pant*
Index selection in broiler sire and dam lines-correlated responses 395
B L N Reddy, R P Sharma and *B P Singh*
Effect of feeding dried subabul (*Leucaena leucocephala*) leaf-meal in the complete diets of crossbred calves 397
C Srinivasulu, K V Subba Reddy and *M Parthasarthy*
Effect of feeding aflatoxin B1 on feed consumption through naturally contaminated feeds 400
P L Choudhary, R S Sharma, V N Borkhataria and *M C Desai*

Phenotypic alterations in goats fed subabul (*Leucaena leucocephala*) 402
G V P P S Ravi Kumar, and *Ashwani Sharma*
Nutritional evaluation of gliricidia (*Gliricidia maculata*) leaves in goats 405
C Srinivasulu, M Raj Reddy and *D Narisimha Reddy*
Status of *Pampus argenteus* fisheries in Khoozestan water (North-West Persian Gulf),I R Iran 407
A Parsamanesh, M Shalbaf and *N Najafpour*
Preliminary feeding trials on juveniles of gloden mahsee, *Tor putitora* (Ham.) at 410
different stocking densities with artificial dry pellet feeds
Shyam Sunder, H S Raina and *Uma Naulia*
ELISA and co-agglutination test for detection of K88ac fimbriae in *Escherichia coli* strains 417
N N Barman, D K Sharma, H Rahman, P Borah and *E Cox*
Review of animal health services in India 420
Rajendra Singh, Pratap Singh Birthal and *B S Rathore*
Serological cross reactivity among three species of tick 425
S Ghosh and *M H Khan*
Biocontrol of ixodid ticks by forage legume *Stylosanthes scabra* (Vogel) 428
Md. Khudrathulla and *M S Jaganath*
True acrosome reaction in buffalo (*Bubalus bubalis*) spermatozoa 431
Jagjit Kaur, K S Sidhu and *S S Guraya*
Spatiotemporal distribution of oxytocin receptor in uterine tissue associated with 434
corpus luteum location in cows
S Tsuchiya, W A Cerbito, M P B Wijayagunawardane, A Miyamoto, M Takagi, K Miyazawa and *K Sato*
In-vitro sperm penertration in polyacrylamide gel to assess frozen semen 438
R Anil Kumar and *T G Devanathan*
Effect of estradiol-17 β priming on superovulatory response, embryo recovery 441
and progesterone profile in goats
R P Tiwari, M R Ansari and *A C Majumdar*
Endocrinological observation of atresia in individual buffalo ovarian follicles 444
P Palta, N Bansal, B S Prakash, R S Manik and *M L Madan*
Normal levels of some macro-and micro minerals and hormones in the ovarian 448
tissues of pregnant and cyclic buffalos (*Bubalus bubalis*)
R L Bhardwaj, K S Roy and *A K Srivastava*
Induction of estrus and multiple ovulation by administration of cloprostenol and super-OV through intra-vulvo 450
submucosal (IVSM) route and embryo transfer in Sahiwal cows
U K Mishra and *O P Mishra*
Individual variation among buffalo bulls in fertilization and and subsequent 454
embryonic development *in vitro*
M S Chauhan, S K Singla, P Palta, R S Malik and *M L Madan*
Sero-incidence of bovine brucellosis in Peshawar district of Pakistan 457
M Ghani, A Zeb, M Siraj and *M Naeem*
Development of a new dot-ELISA kit for detection of antibodies in bovine brucellosis 458
H V Batra and *G S Agarwal*
Serosurvey of *Brucella abortus* and *Brucella melitensis* in various livestock species 460
Subhash Verma, R C Katoch, Parag Nigam and *M K Batta*
ELISA for detection of *Mycobacterium paratuberculosis* antibodies in goats 462
V K Gupta, N Singh and *H Shankar*
Immune status of commercial chicks against Newcastle disease by live-in-oil vaccines 464
N Subramaniam, W M Paul, H K Mukhopadhyay and *N Dorairajan*
Milk profiles in clinical mastitis 467
Akhilesh Kamal, V S Rajhora, S P Pachauri and *G C Gupta*
Biochemical studies in cyclic, anestrus and subestrus buffaloe heifers 469
K B Sharma, Shashi Nayyar, V S Malik and *S P S Sodhi*
Effect of different equilibration time on survivability of cattle embryo following virtification 471
S Khanna, M R Ansari and *A C Majumdar*
Serum constituents of indigenous and crossbred cattle 474
M Sharma, P C Bisoi and *B P Mohanty*
Electrophoretic pattern of serum proteins in the Iranian one-humped camel (*Camelus dromedarius*) 476
Gholam Hossain Khadjeh
Normal haematology of yak (*Poephagus grunniens* L.) 478
D B Mondal, S K Barari, T K Mohanty and *R N Pal*
Evaluation of berseem based complete feed block in growing buffalo calves 480
Joginder Singh, O P Lohan and *C S Rathee*

Comparative evaluation of gas production and dry matter digestibility of straw substraes *in vitro* 484
Bandla Srinivas and *K K Singh*
Effect of food allowance on intake, digestibility and selection of wheat straw by Barbari goats 487
B Biswal, Q Z Hasan, K Sharma and *Narayan Dutta*
Gene synteny identificationn by somatic cell hybridization in Indian river buffaloes 491
C G Joshi, D N Rank, V Thiagarajan, P Kanakaraj, A M Nainar and *A R Krishnan*
Genetic parameters of different reproductive disorders in crossbred and Sahiwal cattle 494
C V Singh and *R V Singh*
Nutritive evaluation of deep-stacked poultry litter wheat straw diet in buffaloes 496
A A Teli, M P S Bakshi and *P N Langar*
A method of measuring ammonia in urea-treated straw stack 498
O H Chaturvedi and *A D Tiwari*
Effect of supplementation of yeast culture (YEA-SACC 1026) in the diet on live weight gain in buffalo calves 501
Umesh Kumar, Vijay Kuamr Sareen and *Sudarshan Singh*
Nutrients utilization pattern in weaner goats under berseem (*Trifolium alexandrinum*) silage-based feding 504
T K Dutta, P K Sahoo, S B N Rao, Nawab Singh and *U B Chaudhary*
Formulation of economical mineral mixture for White Leghorn chicks and finding out its efficiency 506
P Karunakaran and *M R Purushothamam*
Experimental rabies in buffalo calves: A pathogenetic approach on early spread of street rabies virus 509
C K Singh and *G S Grewal*
Comparative efficacy of enzyme-linked immunosorbent assay (ELISA), dot-immunobinding assay(DIA) and indirect haemagglutination test (IHA) for detection of bovine herpesvirus (BHV-1) antibodies in cattle and buffalo 512
K Vasi Reddy, T Suri Babu, K Varalakshmi and *M V Subba Rao*
Humoral immune response in rabbits experimentally infected with *Trypanosoma evansi* 515
S K Ghorui, R V N Srivastava, G C Bansal and *M P Bansal*
Evaluation of virucidal activity of a few physicochemical agents against goat-pox virus 518
S S Bhatia and *J P Soman*
New technique for infection and recovery of schistosomes from animals 521
M C Agrawal
Gross biometrical and histomorphological changes in thymus and spleen of rabbit with age 524
Naeem Alboghobeish
Histogenesis of pro-, and meso-nephroi in goat 527
S Gopinath and *Yashwant Singh*
Clinical manifestation of experimental water intoxication in calves 531
J M Maribei, E M Njoroge and *P N Mbugua*
Reproductive behaviour of Malpura and Bharat Meriono ewe lambs under semi-arid condition 533
V P Maurya, S M K Naqvi and *J P Mittal*
Somatomammotrophs, FSH-LH cells, the bihormonal cells in buffalo pars distalis adenohypophysis 536
Massarat Khan and *Rajya Pal Saigal*
Investigation of an outbreak of pox in racing pigeons 539
R S Chauhan, S K Batra, R Sharma and *P Chand*
Nasal bots : Prevalence and chemotherapy in camels 542
M A Rahim, A Maqbool, M N Khan and *A Qudoos*
Histopathology of cutaneous and pulmonary lesions of sheep-pox in experimentally infected lambs 543
Yashpal Malik and *Pawan Kumar*
Histomorphology of the islet of Langerhans in buffalo 546
Davindre Singh and *A N Gupta*
Morphogenesis of the adenohypophysis cerebri in buffalo foetti 548
Ram Saran Sethi and *Rajya Pal Saigal*
Anatomical site for caudal epidural analgesia in mithun (*Bos frontalis*) 552
P C Kalia, M Bhattacharya, D K Lohan and *G Baishya*
Epidural use of ketamine for hind quarter analgesia in dogs 554
H P Aithal, Amarpal and *G R Singh*

Isolation of mycobacteria from suspected cases of pulmonary tuberculosis in buffaloes slaughtered for food 555
G S Kumar and *N S Parihar*

Biochemical status and progesterone during lameness and infertility in dairy cows 557
S Singh, S Prabhakar and *S P S Ghuman*

Resistance of crossbred buck semen to cold shock 559
M M Kale and *O S Tomer*

Estrus synchronization and conception rate in crossbred cows with prostaglandin F2 aploha using two routes of administration 561
R E Napolean, P Thejomoorthy, M N Sundararaman, K Gajendran and *S R Pattabiraman*

Body weight, biometry of scrotum and testes in Punganur bulls 562
K Babu Rao, K Venugopal Naidu, Vijay Singh, A Seshagiri Rao and *J Suresh*

Estrus synchronization response in Kheri ewes treated with prostaglandin F2 α 564
S M K Naqvi, R Gulyani and *J P Mittal*

Effect of non-genetic factors on economic traits of Surti buffalo 566
A K Patel and *V N Tripathi*

Fat, total solids and solids-not-fat percentage of milk in Vechur cattle 570
R Thirupathy Venkatachalapathy and *Sosamma Iype*

Shape of frequency distribution and genes of large effect for some incubation characters in chickens 574
G B Brah, J S Sandhu and *M L Chaudhary*

Efficiency of sampling procedures for genetic improvement of shell quality by specific gravity in layer chickens 576
M S Khatkar, J S Sandhu, G S Brah and *M L Chaudhary*

Combining ability analysis for meat composition traits in broiler chicken 578
M K Padhi, B P Singh, S V S Verma and *G S Bisht*

Multitrait selection indices in a broiler sire line 580
Bharat Bhushan, R V Singh and *A D Narayan*

Egg shell quality traits and their interrelationships in native chicken of Bangladesh 582
M S Islam, S D Chowdhury, S C Debnath, A K Ghosh and *M A R Howlider*

Effect of different treatments on tenacity and IVDMD of mustard straw 585
O H Chaturvedi, R Prasad, A S Mishra, A Santra, A Khali, S Parthasarathy and *R C Jakhmola*

Racial structure of Himalayan Mahsere, *Tor putitora* (Hamilton) in the river Ganga between Rishikesh and Hardwar 587
J P Bhatt, P Nautiyal and *H R Singh*

Comparison betwseen RNA elctropherotyping and nucleic acid hybridization for the detection of rotavirus in faecal samples of diarrhoeic calves 591
Amit Pande and *R Pandey*

Immunogenicity of *Mycoplasma mycoides* sub sp. *capri* saponin vaccine in goats 595
N C Srivastava, V P Singh and *R Rana*

Ultrastructural studies on the ependymal secretion and formation of Reissener's fibre in goat 597
Pawan Kumar, Suraj Kumar and *Yashwant Singh*
